Make sales. Get rewarded.

Lenovo 360 Elevate provides a simple, proven route for Authorised partners to turn Lenovo sales into real financial rewards. Over 10,000 Lenovo partners worldwide benefit from the program, with millions in rebates paid every year.

1 Track progress

The Lenovo 360 Elevate dashboard provides a clear, up-to-date view of your sales performance, rebate bands, and progress. Everything related to Elevate is visible in one place, supporting confident planning and informed decisions.

2 Earn rebates

Authorised partners earn quarterly cash rebates based on eligible Lenovo sales. Sales are automatically consolidated across Lenovo distributors and measured against revenue bands. While rates vary by region, the principle is simple: sell more, earn more.

3 Claim rebates

Once your quarterly rebate is confirmed, you submit a guided claim during the claim window. Clear notifications help you understand when action is required, with rebates paid either directly to your business or through your distributor, depending on your market.
