

Instructions to reaccept the MCA through attestation

How to determine which customers are affected:

Visit the [Dicker Data portal](#) and navigate to Subscriptions>End User Details.

For customers affected, the following message will be displayed:

END USER DETAILS	NAME <input type="text"/>	TENANT ID <input type="text"/>	STATUS: Active	▼
⚠ Microsoft Customer Agreement Attestation Required				
TENANT MANAGEMENT	Reporting Dashboard 📄			▼
END USER PORTAL MANAGEMENT	▼			

How to complete reacceptance:

To reaccept the MCA through attestation, simply navigate to **“Re-sign Agreement”** and fill in required information:

Edit Payment Details

CUSTOMER PERMISSIONS

Allow users to purchase Azure Reserved Instance ☐

Allow users to view Azure cost management ☐

Azure savings plan ☐

⚠ Microsoft Customer Agreement Attestation Required

Microsoft requires all partners to have a valid attestation of their customers' acceptance of the Microsoft Customer Agreement (MCA). This customer record either has **no attestation on file** or the attestation was completed **before April 1, 2023**. In line with Microsoft's policy, a new attestation must be completed by **October 7, 2025**. From that date, transactions for this customer will be paused until the re-attestation is completed. You can review the current MCA here: [Microsoft Customer Agreement](#).
